The Maltings Arts Theatre

The Maltings Arts Theatre is managed by Ovo on behalf of St Albans City & District Council. The charges are set by Ovo and the following hire charges are indicative and subject to negotiation

Daytime hire	£25 per hour or £65 for a block of 3 hours for any space
Green room hire, day or evening	£20 per hour or £55 for a block of 3 hours
Evening hire (non-performance)	£180 for the evening, venue hire only
Performances	<p>A Box Office split to be agreed with the Programme Director, with a minimum of £180 to the venue.</p> <p>We can recommend technical operators but they are independent and any financial arrangements must be made with them directly. There may be extra charges for hire of screen and projector, smoke machine and other equipment.</p>
Ticket prices	<p>Ticket prices depend on the performing company's stipulation. Tickets to OVO shows are £12 full price, £11 concessions, £7.50 for under 18s.</p>

OVO is not registered for VAT

ALLOTMENT CHARGES 2017/2018

(VAT - Non Business)

1 BACKGROUND

- 1.1 Any proposed increases in allotment rents have to be notified to tenants at least twelve months in advance of the date of the increase.
- 1.2 Rents were historically expressed as a cost per pole and a pole is equal to 30.25 square yards. An average size plot is 10 poles, although half size 5 pole plots are also available to rent. Charges are now referred to on a cost per plot basis.

2 CHARGES

	2017/2018 Charge £
Price per Plot (10 Poles)	47.20
Price per Half Plot (5 Poles)	23.60
Price per Plot reduced rate for pensioners/low income groups	23.60

	Per day	21.42	21.85
--	---------	-------	-------

Parking Vouchers - (Up to 1 hour) (£1.30 sold in books of 10)		13.00	13.00
--	--	-------	-------

Penalty Charge Notices (PCN's)

PCN's are served under the Traffic Management Act 2004 in accordance with Civil Enforcement of Parking Contraventions (England) General Regulations 2007. There are two levels of contravention.

Higher Level Contraventions - £70 (discounted to £35 if payment is made within 14 days).

Lower Level Contraventions - £50 (discounted to £25 if payment is made within 14 days).

A challenge to the issue of a PCN must be made in writing within 14 days of the date of issue.

Charges for PCN's that remain unpaid through to a Warrant for Execution will increase to £112 (higher level contravention) and £82 (lower level contravention) respectively plus potential Civil Enforcement Agent (Bailiff) fees for recovery of the amount outstanding

BUILDING CONTROL REGULATIONS

Local Authorities are authorised by the Building (Local Authority Charges) Regulations 2010 to charge in respect of Building Control Services as follows:-

1. Full Plans

- The Plan fee must be paid on the deposit of the plans with Council.

2. Building Notices

- The fee must be paid when The Notice is submitted to The Council.

3. Inspection Fees

- This will be payable after the first inspection has been undertaken.

4. Regularisation Fee

- This is 125% of the Building Notice charge (net amount).

5. Exemption

- Where work is to provide access and facilities in an existing dwelling or is an extension to store or provide medical treatment for a disabled person no charge is required.

6. Total Estimated Cost

- This means a reasonable estimate that would be charged by a professional builder but excluding professional fees and VAT.

7. Multiple Works

- Where plans show more than one type of work (ie two separate extensions) the charge payable is aggregated accordingly.

Building Control Charges

Domestic Extensions and Alterations

The charges for Building Regulation work are intended to cover the cost of the service and there are two methods that the local authority may use to establish the charge for building work;

1. Standard Charges

The following tables detail the standard charges for domestic extensions or alterations;

These standard charges have been set by the local authority on the basis that the building work does not consist of, or include, innovative or high risk construction techniques and/or the duration of the building work from commencement to completion does not exceed 36 months.

The charges have been set on the basis that the design submitted and subsequent building work is undertaken by a person or contractor that is competent to carry out the relevant design and work referred to in the standard charges tables. If they are not, the application may incur supplementary charges. If work is carried out for the benefit of a registered disabled person that charge is exempt.

A supplementary charge will apply if controllable electrical or gas works are **not** carried out using a competent person.

2. Individual Determination of a Charge (IDC)

Charges are individually determined for the larger and/or more complex proposals;

- Building work that is in relation to more than one dwelling
- Building work consisting of an extension or loft conversion where the total floor area exceeds 100m²
- Building work consisting of a carport, detached or attached garage or basement where the total floor area exceeds 100m²
- Alterations where the estimated cost of works exceeds £15,000
- Underpinning

If your building work is defined as requiring an individual determination of a charge you should contact Building Control, with a description and outline of the proposed work, by:

(a) Email

*Charge **includes** VAT at 20%

Charge is **not subject to VAT

If the proposed works are **not** listed above as a standard charge they will be individually determined
 A supplementary charge will apply if controllable electrical or gas works are **not** carried out using a competent person

For further information please consult the Charges explanatory booklet

Building Control Charges

New Dwellings and Change of Use

The charges for Building Regulation work are intended to cover the cost of the service and there are two methods that the local authority may use to establish the charge for building work;

1. Standard Charges

The tables overleaf detail the standard charges for new dwellings or conversions to form flats;

These standard charges have been set by the local authority on the basis that the building work does not consist of, or include, innovative or high risk construction techniques and/or the duration of the building work from commencement to completion does not exceed 36 months.

The charges have been set on the basis that the design submitted and subsequent building work is undertaken by a person or contractor that is competent to carry out the relevant design and work referred to in the standard charges tables. If they are not, the application may incur supplementary charges.

A supplementary charge will apply if controllable electrical or gas works are **not** carried out using a competent person.

2. Individual Determination of a Charge (IDC)

Charges are individually determined for the larger and/or more complex proposals;

- Building work consisting of the erection of 7 or more new dwellings
- Conversion of an existing dwelling into 5 or more flats
- Applications subject to a reversion charge, where the work reverts from an approved inspector to the local authority

If your building work is defined as requiring an individual determination of a charge you should contact Building Control, with a description and outline of the proposed work, by:
