NOTES FOR INFORMATION FOR MARKET TRADERS ON PERMANENT STALL TRANSFER

Permanent stall transfers.

1. Request for transfers of permanent stalls must be in writing, from the registered stall holder, and will be decided on seniority, subject to the market code governing distribution of goods. Seniority being decided by the date of acceptance on the market as a permanent stall holder. Successful applications for transfer will be notified, in writing.
2. If two or more traders claim the same stall and seniority cannot be established, the vacancy will be established by the drawing of lots.
3. Once a trader has exercised his or her right of transfer, either to the kerb edge stalls or to the front of the Town hall square, in no circumstances will a further transfer be considered for a period of one year.
4. Traders in perishable goods may transfer to other perishable goods stalls when a vacancy arises.
5. Before being considered for a double stall letting, the trader must have been on the market as a permanent stall holder for a period of at least one year, during which time he must have had a satisfactory attendance record. For this purpose "Satisfactory attendance record" means attendance at the market no worse than the average of stall holders.
6. Without prejudice to existing stall holders, no Traders will in future be allowed to have more than three stalls on the market except between Spencer Street

and British Home Stores the maximum amount of stalls to be held by any one trader is Two.

7. Transfer request to double stall vacancies will be accepted from any area of the market except those traders specifically excluded as in the General rules.

METHOD OF TRANSFER

DOUBLE STALLS.

1. Double stall allocation has priority over all other stall allocation. Where a double stall vacancy occurs allocation is given to those who have applied for a double stall in writing. Allocation is decided by seniority. If nobody takes up the stalls in question it then reverts to two single pitches, and single pitch rules then apply.
2. Adjacent claims are secondary to double stall allocations. Should an adjoining stall become available, a trader who has worked as a permanent stall holder for a minimum of one year can claim this stall to create a double. This claiming of an adjacent takes precedence over single stall seniority claims. Should two stall holders either side of a vacated stall wish to claim it, the rules of permanent seniority stated above apply.
3. Any newly accepted double stall must be held for a minimum of twelve months by the stall holder. Should this trader not be able to trade on with the newly created double, he will be demoted to the least popular single pitch at the next round of allocation.

Adjacents

Subject to the above, when a vacancy occurs, the adjoining stall holder shall be entitled to request he/she be allocated this next stall provided he/she has indicated his/her wish to this end. Where two stall holders lay claim to an intervening empty stall, the most senior of the two will be given the allocation. Seniority being decided by the date of acceptance on the market as a **permanent** stall holder.

SINGLE STALL TRANSFERS.

A Stall holder may transfer his/her stall to any other vacant position by putting his/her name on the transfer list. The most senior trader having first choice. Only one transfer will be allowed for twelve months. The Markets Manager to notify the stall holder of the date of transfer and the new stall position in writing.
