RE-FOUNDED 1959

NON-PARTY-POLITICAL

St. Albans City & District Council

The Civic Centre, St. Peters Street, AL1 3JE

7th September 2011

Attention of J.Durham.

Dear Jill,

PETITION RELATING TO BRE IN BRICKET WOOD

Further to the reintroduction of BRE as a proposed site for residential development into the District's Core Strategy, the attached petition has been conducted by the residents of Bricket Wood, with wording as follows:-

'We the undersigned are opposed to the reintroduction of BRE as a possible site for future residential development into the pre - submission document of the St. Albans District Council's Core Strategy'.

Residents views have been well publicised throughout the whole process to date, through the Resident Association's response to the original public consultation and the recent petition against the proposal, following a presentation by Council Members and Officers at our Parish Centre, so they will not be repeated here.

However, the petition has sufficient signatures to enable us to re-present our views to Council and we will therefore take the opportunity to do so. Also, as we understand it, there are sufficient signatures for the issue to be discussed at a meeting of the full Council when we hope the views of local residents will be taken into account.

I look forward to hearing from you with regard to the next stage of the process.

Yours sincerely

Laurie Hart
