

Planning and Building Control Customer Services will be changing from April 2005

Our Planning Reception will in future be located on the ground floor.

Current live planning applications will still be available to view without an appointment. Customers will still be able to make appointments with a planning, conservation, enforcement or building control officers. This service will not change

In addition, customers will be able to make appointments with our Senior Technical Clerk for viewing live files, microfilm, history files, plotting sheets and Tree Preservation Orders

D Goodman
Head of Planning and Building Control
