

Polling District and Polling Place Review 2023/24

Representations received in connection with the review

**Review of Polling Districts and Polling Places 2023/2024:
Summary of responses**

Respondent	Polling District(s)	District ward(s)	Content of response	Summary of review
Charrington Place Residents Association	SPC / SPD	St Peters	I am writing in my role as the City Neighbourhoods Committee delegate of the Charrington Place Residents Association. This is to confirm support for the proposed changes regarding Charrington Place's Ward of St Peters, the merging of our former and current polling districts.	Proceed with changes in proposed polling district scheme. (Transfer electors in polling district SPD to polling district SPC. Electors in former SPD area change polling station from "St Alban and St Stephen Catholic Primary School, Vanda Crescent" to "St Alban & St Stephen Catholic Church, 14 Beaconsfield Road". Remove polling district SPD.)
Parent at St Alban and St Stephen Catholic Primary School, Vanda Crescent	SPC / SPD	St Peters	I heartily support the proposed polling station change in St Peter's District. As a parent of two children in St Alban & St Stephen School it was very disruptive for us and them last year to have the nursery and reception closed for a day, when the church hall would be a perfectly good alternative location.
