NOTES

In assessing this application, the authority will need to be satisfied:

- a) That there is a disabled resident who needs either space for a wheelchair to be used inside the home, or a special or additional kitchen, bathroom, or other room;

and
- b) That this space or room is essential or of major importance to the well being of the disabled resident because of the nature and extent of his disability.

It will help in the consideration of this application if the applicant can supply a note from a doctor, or other qualified professional such as an occupational therapist or social worker, confirming that the disabled resident needs the extra space or room as stated in Part 3, Grounds for Application.

If for any reason such confirmation is not easily obtained, the application should not be delayed if the applicant believes the dwelling is eligible for a reduction. However, the authority may subsequently need to ask for evidence in support of the application. Please note that a home visit may be required from a Council Tax Officer.
