

Terms and conditions

1. The subscription covers the period to 30 June 2023.
2. The full annual subscription is payable whenever a customer joins the service during the period up to 1 July each year.
3. No refunds will be provided for cancellations during the year.
4. Collections will start only after the subscription payment or direct debit payment has been received and a sticker has been displayed on the bin / pair of bags. Please note it may take up to 10 working days to deliver the bin(s) (or reusable bags) and to add your property to the collection schedule.
5. The subscription is for one 240 litre green wheeled bin and, if selected, up to three additional bins of this size. Properties in conservation areas, or where the property is unsuitable for a bin, will have two 120 litre reusable bags instead of each bin.
6. Please ensure that the sticker(s) are placed on your garden waste bin(s) (or reusable bags) as described in the subscription confirmation letter overleaf. Our crews will only collect garden waste bins (or reusable bags) that show the correct subscription year sticker(s).
7. Your garden waste bin(s) (or reusable bags) must be presented at the boundary of your property by 7am on your scheduled collection day.
8. Only garden waste i.e. grass, leaves, twigs, weeds, hedge clippings, flowers and plants can be placed in your garden waste bin(s) (or reusable bags). Please make sure you remove soil and stones from your garden waste before putting it in your bins or bags. Garden waste bins (or reusable bags) containing anything other than garden waste will be deemed as contaminated and will not be collected. A return collection will not be made under these circumstances. It is the responsibility of the householder to sort the contents of the bins (or reusable bags) and remove any contamination prior to the next collection.
9. Garden waste bins (or reusable bags) should be used for domestic garden waste only. The bins (or reusable bags) may not be used for any garden waste arising from business or commercial activities.
10. All garden waste must be contained within the garden waste bin(s), with the bin lid closed flat. Please do not overfill your bins or bags. If they are too heavy to be collected safely, they cannot be emptied. Overflowing or excess garden waste placed around the bin(s) (or reusable bags) will not be collected.
11. Garden waste bins (or reusable bags) remain the property of the Council and are assigned to the address.
12. If you move home, you should notify the Council through your MyStAlbans District Account and email wastemanagementofficers@stalbans.gov.uk. If you leave the District, the first garden waste bin (or reusable bags) must be left at the property for the new householder. Any additional garden waste bin(s) (or reusable bags) may be left for the new householder for the remainder of the subscription period. Alternatively, you can ask us to collect these in.

13. If you move home within the District you may transfer the service. The first garden waste bin (or reusable bags) must be left at the property for the new householder. However, you can take the additional garden waste bin(s) (or reusable bags) to the new property. Please note you will have to make your own arrangements to move the bin(s) (or reusable bags) as the Council will be unable to provide this service.
14. Garden waste bins (or reusable bags) will be emptied every other week. Refunds will not be made for missed collections. However, the Council will make every effort to return to make the collection, if the bin has been presented before 7am on the morning of the collection, has not been contaminated with non-garden waste, and was reported as being missed within 48 hours of the expected collection date. You can report a missed bin through your MyStAlbans District Account.
15. During severe weather, garden waste collections may be suspended without notice. Guidance and updates for all collection services will be posted on the Council website www.stalbans.gov.uk/recycling-and-rubbish.
16. During cold weather, we will try to empty your garden waste bin(s). However, this may not be possible if the contents are frozen. Please make every effort to loosen the content of your bin(s).
17. Scheduled alterations will be made to the garden waste collection service during public holidays. You will receive prior notification of these changes along with the changes to all collection services.
18. These terms and conditions may be revised and updated as required. Please check the Council website www.stalbans.gov.uk/garden-waste-subscription-service for up-to-date details of the service.
