

Energy Company Obligation (ECO3): Help to Heat

Local Authority Flexible Eligibility Statement of Intent

St Albans City and District Council [14/07/2020] VERSION 4

1) Introduction

St Albans City and District Council is working in partnership with YES Energy Solutions to provide the St Albans Warmer Homes scheme. This is a District-wide scheme to support households in or near fuel poverty or vulnerable to the cold, to receive energy efficiency interventions that improve health and wellbeing outcomes and fuel efficiency of their homes. This partnership will be used to deliver Local Authority Flexibility.

As set out in the Electricity and Gas (Energy Company Obligation) (Amendment) Order 2017 (Art 16 (A) 3(a)) this Energy Company Obligation (ECO) and the forthcoming order 2018: Help to Heat Local Authority Flexible Eligibility ('ECO flex') criteria is only applicable and relevant to private tenure households (i.e. private rented sector and owner occupier sector). Social housing is excluded from flexible eligibility.

2) Benefits:

The St Albans Warmer Homes scheme contributes towards the following priorities:

It contributes to the following St Albans City and District Council's [Corporate Plan](#)

- priority outcomes to Manage the Climate Emergency; Support our communities; and Be a business-friendly Council
- It contributes to the goal of improving physical health and wellbeing as set out in the [St Albans City and District Health and Wellbeing Strategy, 2018-2021](#), of improving energy efficiency and reducing the number of excess winter deaths
- It helps fulfil St Albans City and District Council's objectives in our developing [Sustainability Strategy and Net Zero Action Plan](#), to reduce greenhouse gas emissions across the District
- It contributes to the [Hertfordshire Health & Wellbeing Strategy 2016-20](#).
- It contributes towards the [Hertfordshire Public Health Strategy](#) priorities:
 - Starting and developing well, healthier lives for 0-25 years
 - Keeping Well, supporting longer lives, more disease-free years and self-management of long-term conditions
 - Working to reduce health inequalities: Reducing inequalities in health outcomes and life expectancy between most and least affluent

3) How the Local Authority intends to identify eligible households

St Albans City and District Council wish to utilise ECO Flex to its fullest to help St Albans Warmer Homes achieve its aims and reach a wide number of residents.

It should be noted that the final decision on whether any individual household will benefit from energy saving improvements rests with obligated energy suppliers or their contractors. Inclusion in a Declaration of Eligibility issued by the Council to a supplier will not guarantee installation of measures.

The final decision will depend on:

- i) identification of measures eligible under Help to Heat;
- ii) the supplier's assessment of the cost-effectiveness of installing measures in relation to achieving its obligation; and
- iii) Whether the supplier has achieved their targets or requires further measures to meet their Energy Company Obligation targets.

To be eligible the applicant must meet criteria 1 AND either criteria a) OR b) in Table 1 below.

Table 1: Criteria for identifying households living in fuel poverty OR low income and vulnerable to cold.

Eligibility	Criteria
1.Low Income	Gross household disposable income (after rent or mortgage has been paid) £20,000 or less
AND either	
a) High energy costs	Property with at least one of : <ul style="list-style-type: none"> • 100mm or less loft insulation • Unfilled cavity walls • Uninsulated non-cavity walls • No working central heating or <ul style="list-style-type: none"> • EPC rating of D or below
OR	
b) At least one of the following: <ol style="list-style-type: none"> i) health condition made worse by the cold ii) vulnerable to the cold a home-owner or those on a private tenancy agreement (or member of the household) is in receipt of long-term health or disability benefit 	Resident or household member either has/is: <ol style="list-style-type: none"> i) health condition made worse by the cold as defined in table 2 below or ii) vulnerable to the cold as defined by table 2 below iii) one of the following eligible benefits: Carer's Allowance, A Disability Benefit (incl. Attendance Allowance, Disabled Living Allowance, Personal Independence Payment)

Table 2 Eligible health conditions and those vulnerable to the cold

a) Health conditions made worse by the cold	b) Vulnerable to the cold
People with <ol style="list-style-type: none"> i. Cardiovascular conditions ii. Respiratory conditions (e.g. chronic obstructive pulmonary disease and childhood asthma) iii. Mental health conditions iv. Disabilities v. Terminally ill prognosis vi. Suppressed immune systems (e.g. from cancer treatment or HIV) vii. Neurobiological and related diseases (e.g. fibromyalgia, ME) viii. Haemoglobinopathies (e.g. sickle cell disease, thalassaemia) 	People who <ol style="list-style-type: none"> i. Are aged over 65, particularly those over 75 ii. Are aged under 5 or are pregnant iii. Have substance addictions iv. Have attended hospital due to a fall in the last year v. 4) Governance

The St Albans Warmer Homes Assessor (provided by YES Energy Solutions) will receive, log and follow-up initial referrals. The Assessor will check if the client is potentially eligible for ECO Flex and request relevant supporting information. Once provided, the Assessor will liaise with the Local Authority to obtain a signed 'Local Authority Declaration' confirming eligibility.

Responsible officers

The officer(s) below will be responsible for signing Declarations on behalf of the local authority.

- John Frost | Private Sector Housing Officer | 01727 819 443 | john.frost@stalbans.gov.uk
- Candice Luper | Sustainability Projects Officer | 01727 819466 | Candice.Luper@stalbans.gov.uk

5) Referrals

All referrals should be identified through the St Albans Warmer Homes scheme by calling 01422 880100.

This SOI relates to the St Albans Warmer Homes scheme managed by YES Energy Solutions. Installers wishing to use this SOI to qualify residents for ECO will need join YES Energy Solutions [installer network](#). They will need to meet YES Energy Solutions' on-boarding requirements.

6) Evidence, monitoring and reporting

YES Energy will provide the central administration and management of Energy Company Obligation flexible eligibility in St Albans. The scheme reports on ECO Flex activity including SOI qualifying reason, household information and installation progress.
