

## Interested Party Statement – Margaret Nash

I did not use my written comments to oppose the building of 45 houses as they had been raised by other speakers.

I mentioned an article in the Herts Ad on 3/11/2015 where a Tarmac manager mentioned resurfacing the area he called the 'CAR PARK'.

I talked about yellow lines recently being painted on Cutmore Drive opposite the school and also the High Street.

Gravel extraction has affected several generations in this area so I said we deserved to be given the use of the Tarmac land that is next to the school.

I talked about 100 properties being built in the village currently, 150 going to the High Court and 5,000 plus and 5 schools proposed between (and joining) Colney Heath & London Colney. All sites on Green Belt and more applications are expected.

I hope that helps.
